	24	
	25	
	26	
	27	
	28	
	29	
	30	
	31	
	32	

Every clicker in your school should have a different ID (the number that you write or tape to the outside of the clicker).

Each student should use the same clicker every time that you use the clickers in a class. If students go to different rooms (where the clickers are different) they will use the different clickers that have been assigned to that room.
